New York City

New York City is the wonder-city of the world. This picture book is dedicated to those people, who have visited this wondrous vacationland. This publication has been compiled with the major thought, that visitors should have an opportunity to recall their stay in New York City. Not only can you show your friends and relatives all the places you have been to, but every now and then you can open this book and, by looking at the familiar pictures of the places you have visited, you will be able to recall and extend the enjoyment of your visit. We hope with this souvenir of your trip, you can prolong your enjoyment for a long time.

Below you will find a partial listing of the more noted attractions and famous places of interest.

Empire State Building . . . Located at Fifth Avenue and 34th Street, the tallest building in the world extends 1,472 feet and 102 stories above the ground.

Empire State Building at night . . .
This eighth wonder of the world is even more impressive at night.

This view from Rockefeller Center shows the Empire State Building with the financial district's skyscrapers in the background.

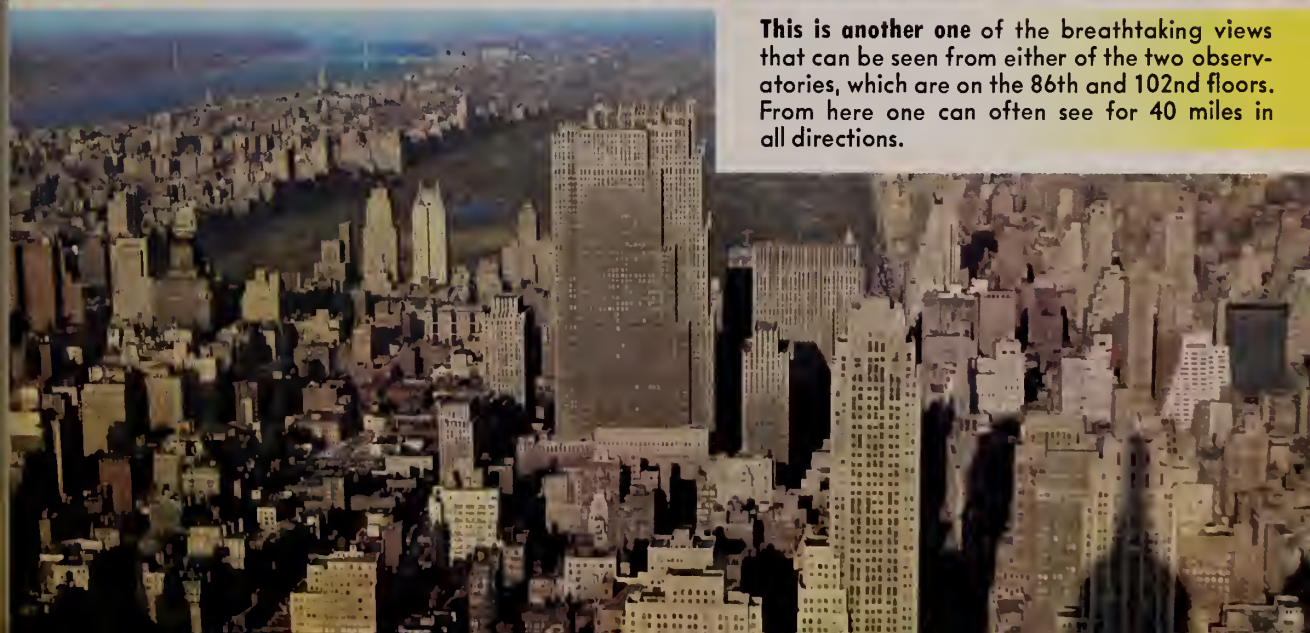

This panoramic view captures the magnificence of the financial district skyscrapers, East River on the left and the Hudson River on the right, as seen from the Observation Tower atop the Empire State Building.

Looking Northeast from the Empire State Building Observatory, the Chrysler Building is in the center of the picture, with the United Nations Building and the East River in the background.

This is another one of the breathtaking views that can be seen from either of the two observatories, which are on the 86th and 102nd floors. From here one can often see for 40 miles in all directions.

Statue of Liberty

"Give me your tired, your poor,
Your huddled masses yearning to
breathe free,
The wretched refuse of your
teeming shore.
Send these, the homeless,
tempest-tost to me,
I lift my lamp beside the golden door."

From *THE NEW COLOSSUS*
by Emma Lazarus

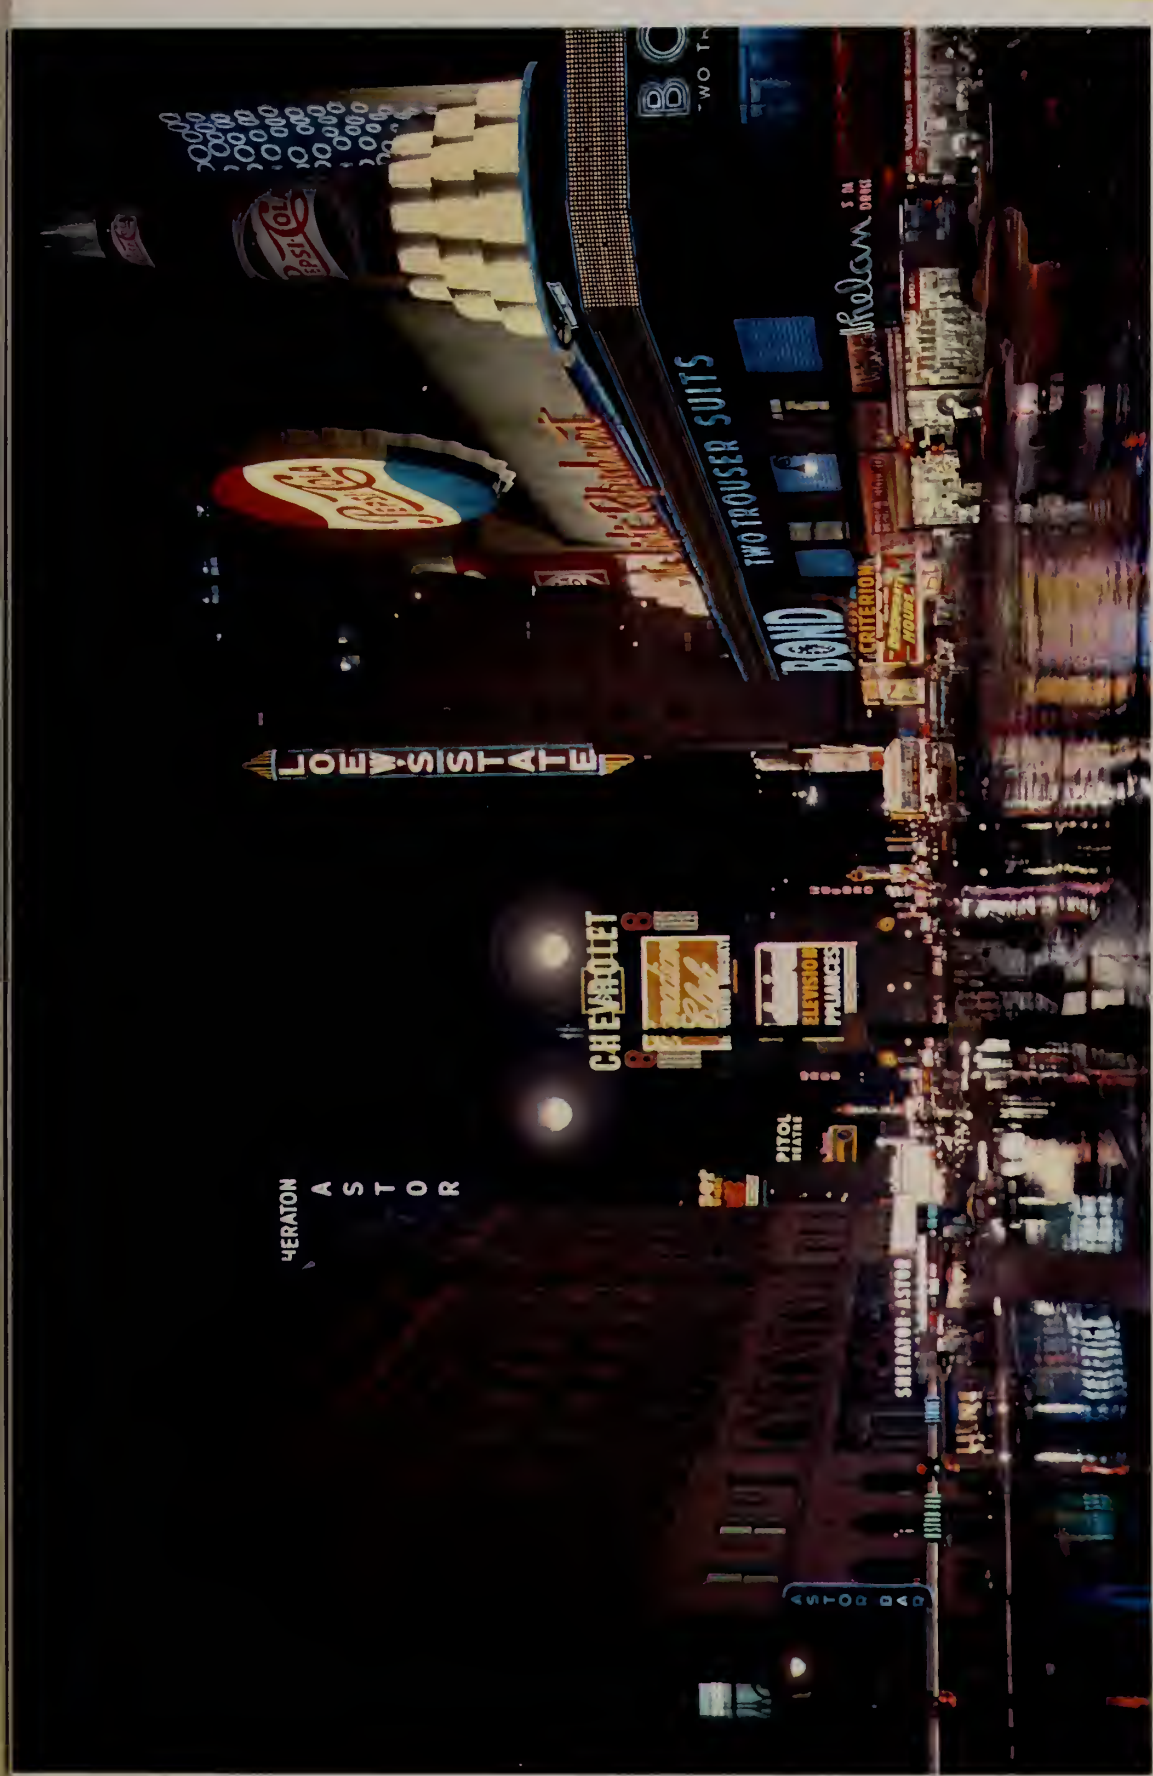

This colossal statue, the work of Frederic Bartholdi, presented by the freedom-loving French people, stands 151 feet high on a 142-foot pedestal. The tablet held in the left hand has inscribed "July 4, 1776," symbolizing The Declaration of Independence.

Times Square

Times Square . . . Entertainment Center of the World. In this area there are located world famous shops, movie houses, hotels, restaurants, theatres and fabulous night clubs.

Night comes to the rest of the world, but not to "The Great White Way." The many thousands of lights in Times Square throw off a glow that is visible for many miles.

Rockefeller Center

This world-famous cluster of buildings is grouped around the beautiful Rockefeller Plaza. Roof top gardens are in the foreground, with the RCA Building dominating the scene.

Rockefeller Center . . . The Channel Gardens with the RCA Building in the background. Flags of many countries fly above the Sunken Plaza which is converted to an ice skating rink in the winter.

This is a view of the Midtown Skyline with Rockefeller Center Buildings towering in the background.

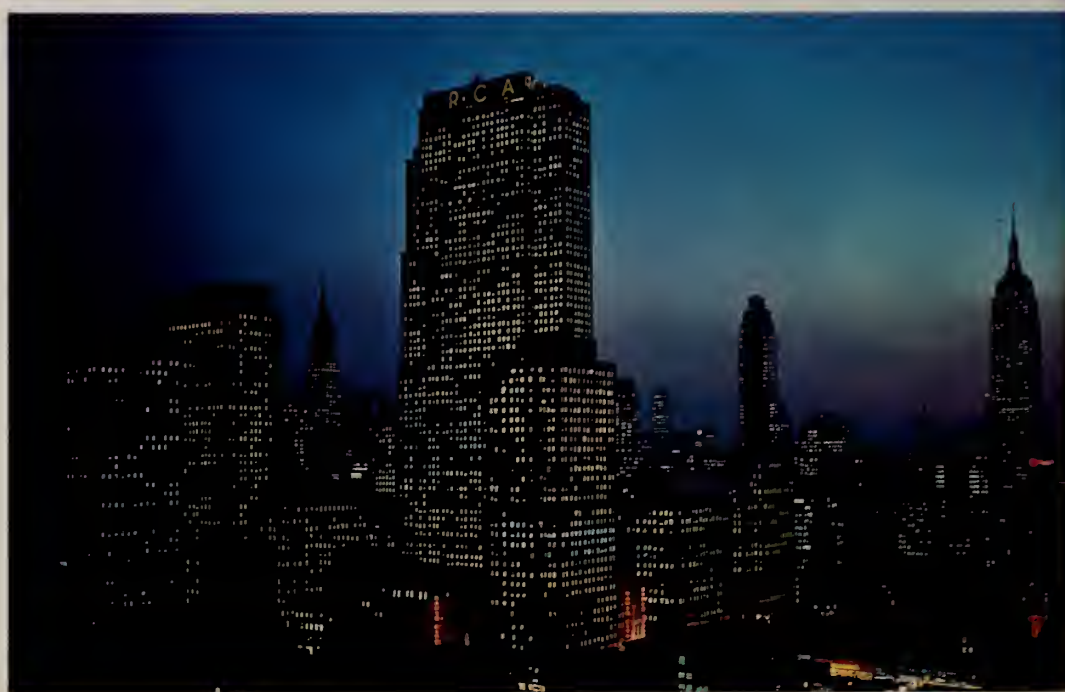

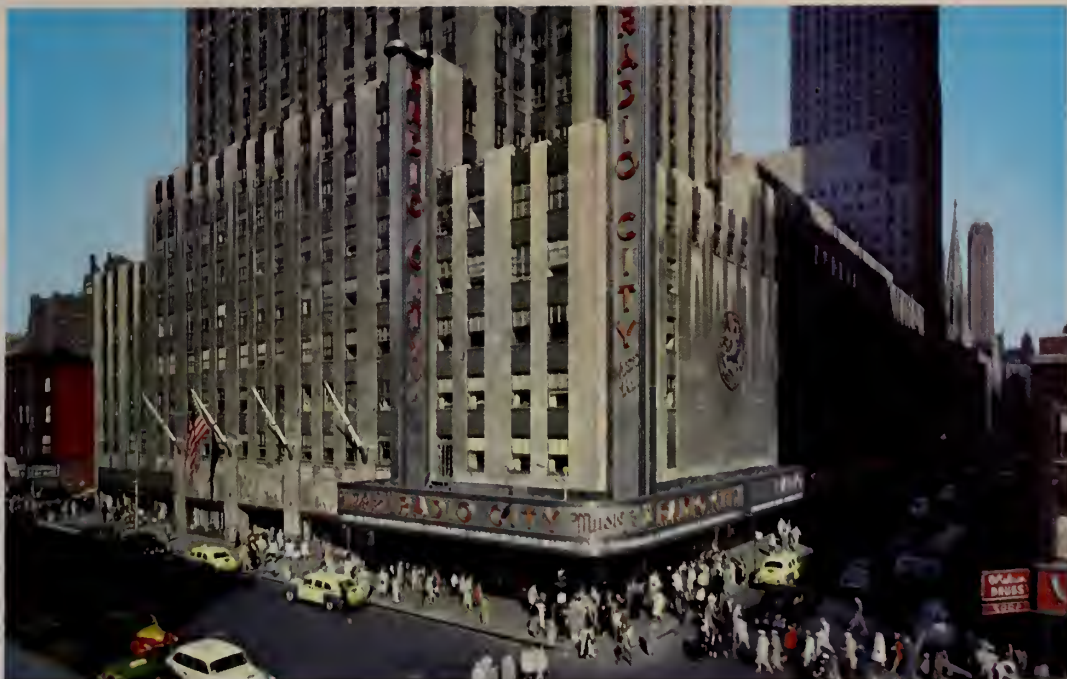

Sunken Plaza - Rockefeller Center . . . Located in the heart of Rockefeller Center with the majestic Prometheus Statue and Fountain surrounded 'by the flags of the United Nations. Prometheus was the god who brought to mankind the gift of fire from heaven. Sculptor, Paul Manship.

Night comes to Midtown Manhattan — The twinkling of thousands of lights springing into being lends a fairy-land atmosphere to this view, showing the RCA, Chrysler and Empire State Buildings.

Radio City Music Hall — World's largest indoor theatre is the home of the world-famous Rockettes, precision dancers. 7,000,000 patrons are entertained here annually.

Bird's-eye view of the world's most famous outdoor skating rink located in the heart of Rockefeller Center at the Sunken Plaza.

United Nations

The **United Nations Buildings** on the East Side of Manhattan Island, stands on an 18 acre tract of land which was turned over to the world organization by John D. Rockefeller, Jr. and the City of New York. This view depicts Old Glory, proudly flying from a nearby building, and framing the UN Buildings.

This view of the UN Secretariat and General Assembly Buildings lends a majestic blend to the magnificent architecture of the UN.

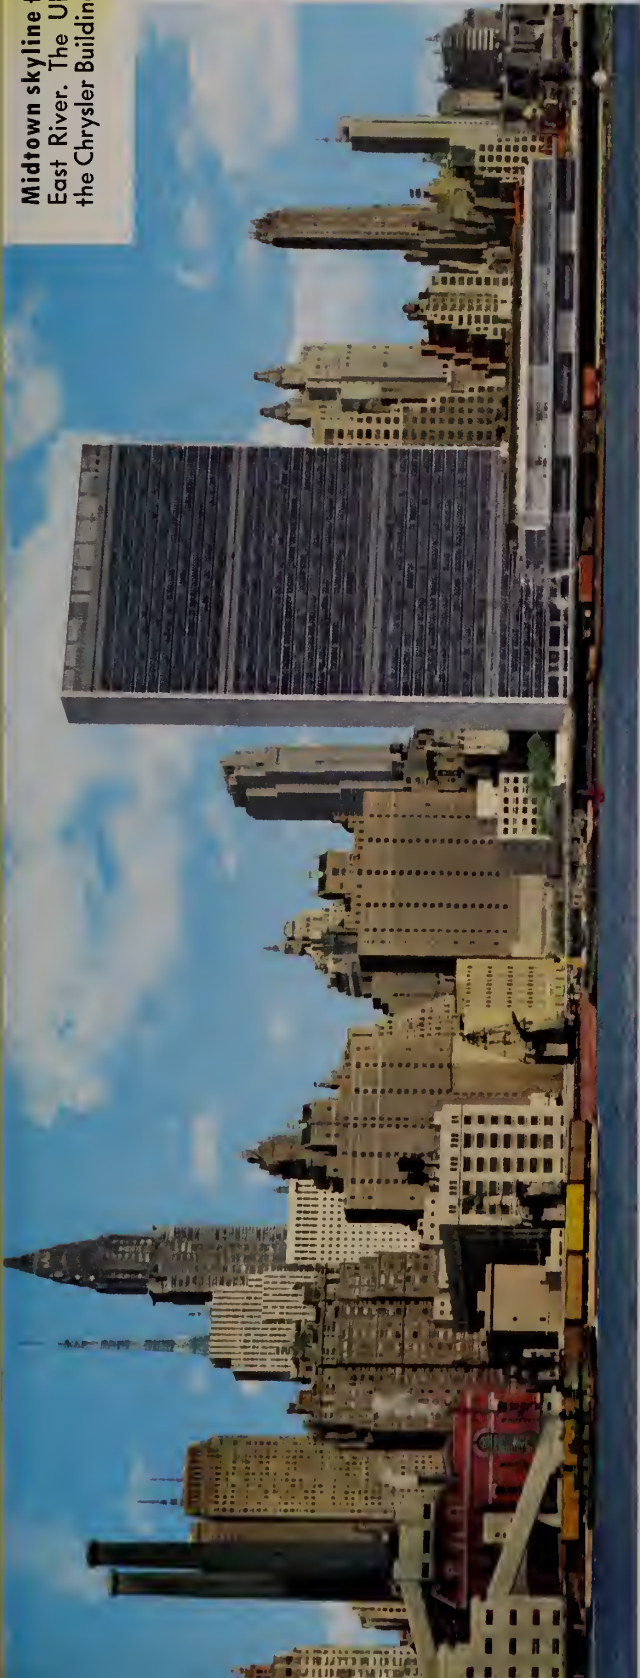

United Nations Security Council Chamber — was designed by Arnstein Arneberg of Norway, and the large mural was painted by the Norwegian artist, Peter Kroho. The cost of the decoration of the chamber was a contribution of the Norwegian Government.

These United Nations Buildings between 42nd and 48th Streets on First Avenue were erected at a cost of \$65,000,000.00.

Midtown skyline from across the East River. The UN Buildings and the Chrysler Building are prominent.

The UN Buildings and New York City Skyline by night from Welfare Island.

Late afternoon sunlight splashes over lower Manhattan skyscrapers, as a steamer is guided from her pier by powerful tugboats.

Mid-Manhattan Skyline from New Jersey — across the Hudson River are the towering skyscrapers, which make up the New York City Skyline.

Two ships pass in the Hudson River in front of New York City's famous skyline. The Hudson River teems with shipping activity day and night.

This view of **Manhattan** allows one to see the unusual docking facilities of the great city. The largest ships, from all over the world, have their docks less than one mile from the midtown area. The Hudson River Palisades can be seen in the distance.

Lower Manhattan from Governors Island, with the skyscrapers of the world-famous financial district in the background.

Central Park

Central Park and Uptown Manhattan as viewed from the observation roof of the RCA Building.

This brilliant scene shows the elite Fifth Avenue hotels as seen from Central Park.

Horse-drawn carriages on 59th Street which afford visitors a romantic ride through Central Park in a fringe-topped surrey, carrying one back to the era of the Gay Nineties.

Famous

St. Patrick's Cathedral on Fifth Avenue, with its beautiful architecture is the leading Roman Catholic Church of this country.

Temple Emanuel, founded 1845, present structure opened for worship October, 1929, is situated across from Central Park on Fifth Avenue at 65th Street. Open to all for prayer and meditation every day of the year.

Churches

The Riverside Church on Riverside Drive at 123rd Street is of 13th Century French Gothic Architecture. This structure towers over the Hudson River which is to the left.

The Cathedral of St. John The Divine, Amsterdam Avenue and 112th Street — when it is completed it will be the largest Gothic style cathedral in the world.

Central Park South... The street with the world's most renowned and elite hotels. In the background can be seen the famous Coliseum and the Hudson River.

The Coliseum, located at Columbus Circle, was erected at a cost of 35 million dollars, and is one of the largest exhibition buildings in the world.

Herald Square is the site of retailing giants, serving everything to everybody at every income level. One could spend a lifetime shopping in this area and fill his every material need.

City Hall, offices of the Mayor and President of the City Council, is located at Broadway, Park Row and Chambers Street in downtown Manhattan.

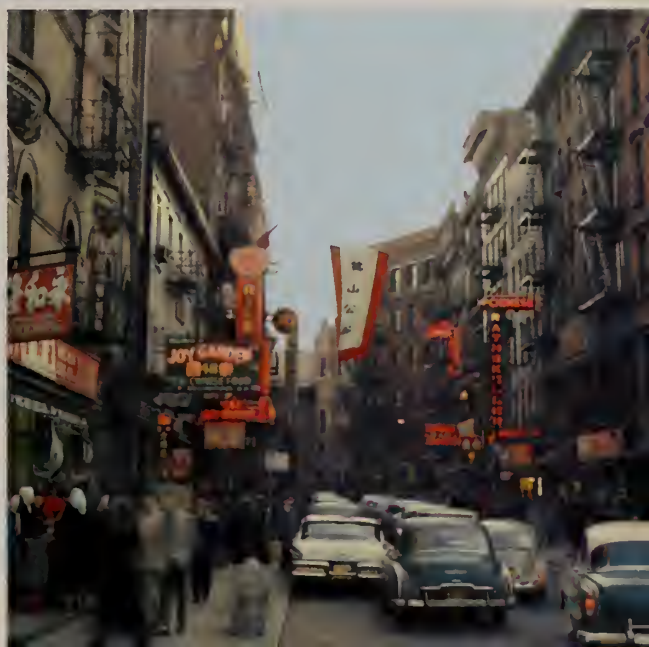

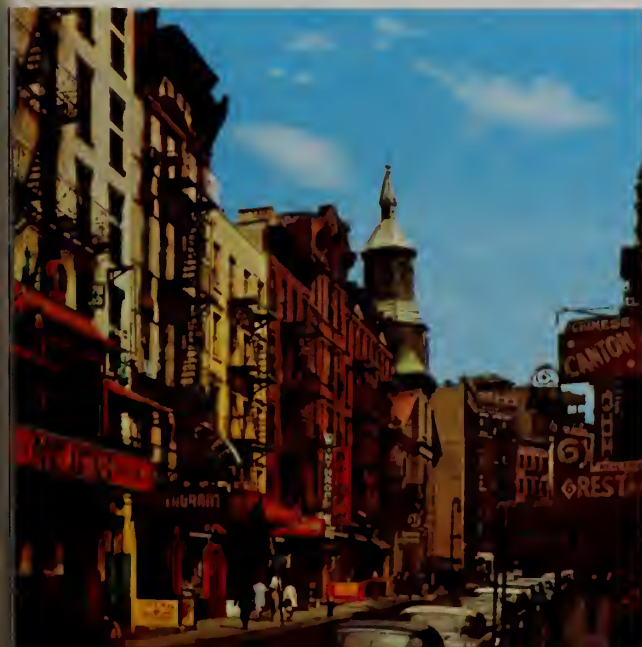

The Victory Arch is located in the Greenwich Village area at the beginning of Fifth Avenue. This memorial commemorates the inauguration of George Washington and was designed by Stanford White. It was erected at a cost of \$250,000.00 which was raised by popular subscription.

Grant's Tomb, Riverside Drive and 122nd Street — this massive granite mausoleum contains the bodies of Ulysses S. Grant and his wife.

Chinatown . . . A world-famous area containing excellent Chinese Restaurants and unique gift shops. This is one of New York's most picturesque sections.

Yankee Stadium

The "House that Ruth Built," remains this country's most famous baseball park. The World Champion bunting has flown from its flagpole more than from any other in either the National or American Leagues.

New York International Airport . . . aerial gateway to the United States. This is a 655-acre \$90-million "Terminal City," and is the most modern airport in the world.

...Travel

International Arrival Building is shown during the light of day and at night with the beautiful Fountain of Liberty in International Park. Through this terminal will come all international air travelers entering the United States through the Port of New York.

This view of the East Side Airline Terminal is set off by the Manhattan Skyline in the background.

LaGuardia Airport, named for the famous New York Mayor, Fiorello LaGuardia. This is one of the world's busiest air terminals, with over 14,000 passengers arriving and departing daily.

The Port Authority — West 30th Street Heliport, is Manhattan's first commercial heliport, costing \$320,000.00 — opened in September, 1956.

The New York Port Authority Bus Terminal is located at West 41st Street and Eighth Avenue. This is the largest bus terminal in the world, and the most modern.

Hayden Planetarium, 81st Street and Central Park West. The story of astronomy is visually projected by the Zeiss projector on the 75-foot hemispherical dome.

Solomon R. Guggenheim Museum, 5th Avenue and 89th Street, designed by Frank Lloyd Wright. A museum with major examples of painting, sculpture and the graphic arts of the recent past.

New York Public Library is located at Fifth Avenue and 42nd Street. Surpassed in size only by the Library of Congress in Washington, the mammoth collection serves 3,620,000 people with over 8,000 visitors daily.

Columbia University was founded as King's College by royal charter of King George II of England in 1754. Comprises 15 major units and four affiliated schools.

The Butler Library, Columbia University, was built at a cost of \$4,000,000.00, and opened in 1934. It was a gift of Edward S. Harkness. The exterior is designed in Italian Renaissance style with fourteen Ionic columns on the north facade.

Hall of Fame for Great Americans at New York University. In a 630 foot colonnade designed by Stanford White, are busts of over 85 famous Americans.

Jones Beach . . . One of the most famous beaches in the world, a swimming haven for New Yorkers and visitors. Located on the South Shore of Long Island.

World-Famous Amusement Park at Coney Island . . . It has been recognized as the world's most famous playground and has the largest boardwalk and amusement area. Located at the southern end of Brooklyn.

Chrysler Building, the second highest building in the world, stands 1,046 feet high.

Lever House, located at Park Avenue and the corners of 53rd and 54th Streets, is one of the outstanding buildings of our times.

Viewed here are the United Nations Building, Chrysler Building, RCA Building and Tudor City.

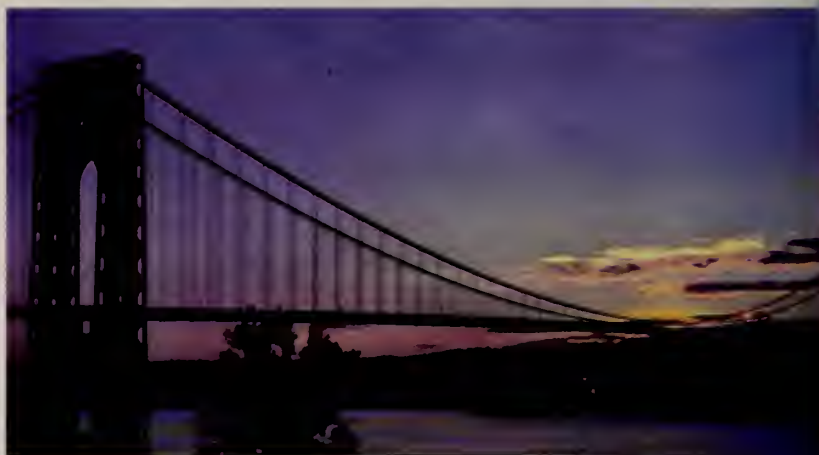

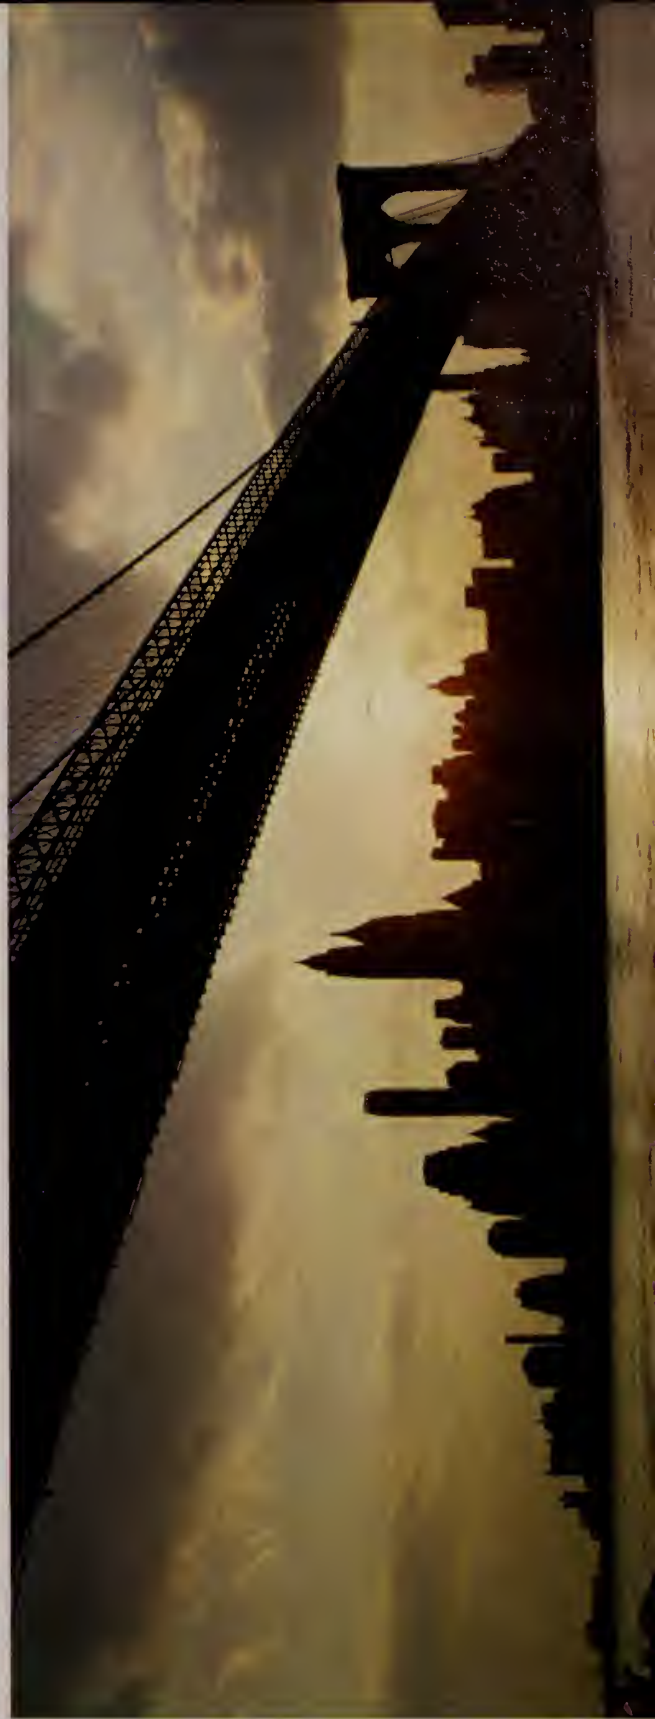

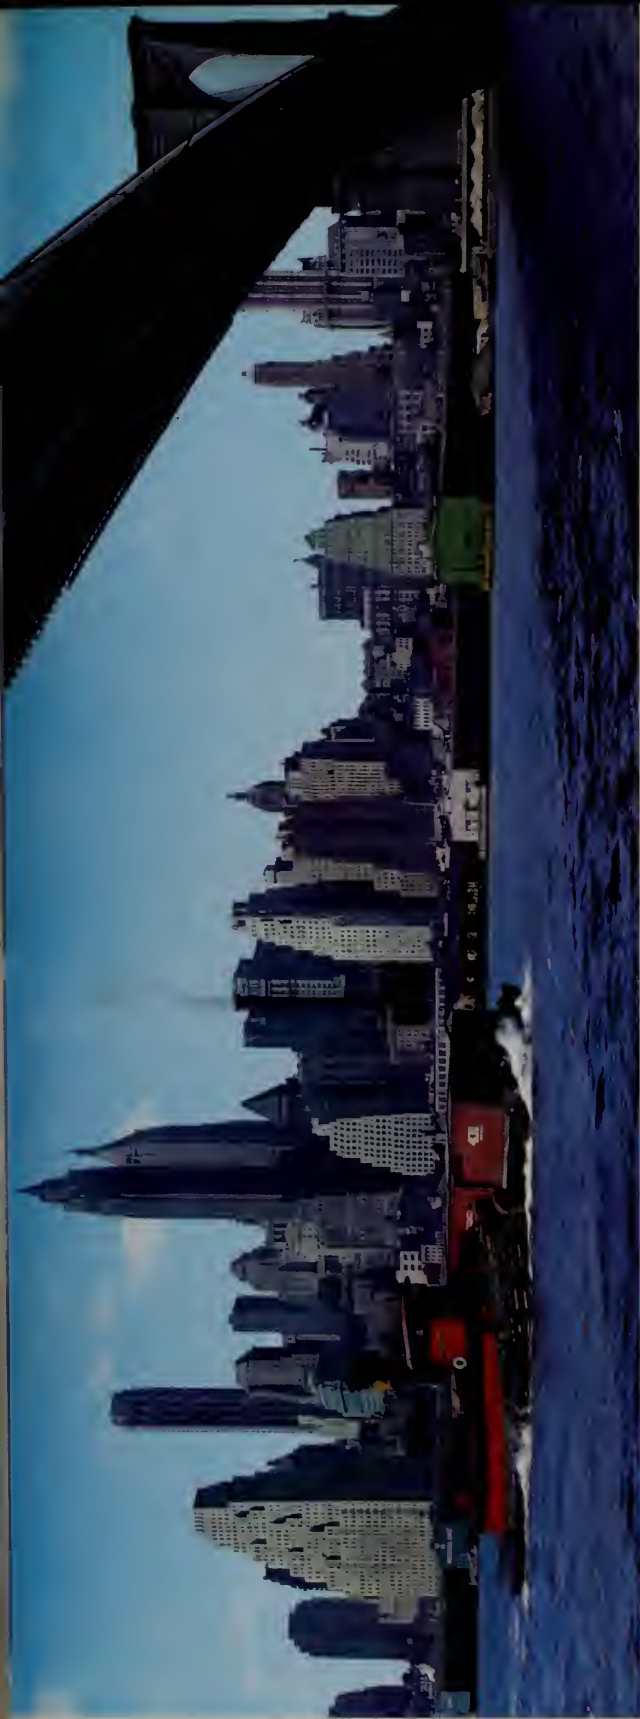

The Brooklyn Bridge . . . This 6,016-foot suspension bridge was completed in 1883, with a channel span of 1,595 feet. Two unusual views are shown here, a daylight scene with activity on East River and a sunset scene with Lower Manhattan in the background.

The George Washington Bridge . . . connecting New York and New Jersey, spans the Hudson River. Famous the world over as one of America's most notable man-made landmarks, and the second longest suspension bridge in the world.

Brooklyn Bridge, arching over the East River between Manhattan and Brooklyn, affords panoramic views during daylight hours and at sunset.

Empire State Building at dusk. The tallest building in the world is perhaps even more impressive at night. Its many lighted windows shine like jewels high in the night sky.
